Comprehensive Legal Affairs Management

Ref: 3254405_169469 **Date:** 4 – 15 October 2027 **Location:** Lyon (France) **Fees:** 10600 GBP

Introduction

Welcome to this comprehensive 2-week Legal Management Training Course, designed to provide participants with in-depth knowledge and practical skills in managing legal affairs within organizations. This program focuses on critical areas such as legal risk management, compliance, contract law, litigation strategies, and corporate governance. Through case studies, practical exercises, and the latest tools, participants will be equipped to address complex legal challenges effectively and lead their organizations toward regulatory and operational excellence.

Course Objectives

By the end of this training, participants will:

- Understand Legal Affairs Management: Learn the core principles and importance of managing legal affairs in an organization.
- Master Risk Management and Compliance: Gain expertise in identifying, managing, and mitigating legal risks while ensuring regulatory compliance.
- Develop Contract Management Skills: Acquire techniques for drafting, managing, and auditing contracts in both domestic and international contexts.
- Enhance Litigation and Dispute Resolution Skills: Explore strategies for resolving disputes efficiently and managing litigation processes.
- Deepen Corporate Governance Knowledge: Understand governance principles, legal responsibilities, and emerging trends in corporate legal management.
- Leverage Legal Technology: Explore innovative enterprise legal management solutions to enhance efficiency and compliance.

Course Outlines
