Content Editing and Formatting From Ideas to Publication

Ref: 3254603_170837 **Date:** 26 – 30 October 2026 **Location:** Amsterdam (Netherlands) **Fees:** 5200 GBP

Introduction

Effective content editing is essential for refining raw ideas into polished, professional, and publication-ready material. This content editing course is designed to equip participants with the fundamental skills required for content editing and formatting, ensuring clarity, coherence, and consistency across various media types.

Participants will gain hands-on experience in the content editing process, learning how to structure, proofread, and format content for publication. Whether editing blog posts, reports, social media content, or business documents, this course covers essential types of content editing to meet professional standards.

Course Objectives

By the end of this content editing and formatting course, participants will:

- Understand what content editing is and its role in the content publication process.
- Apply editing techniques to enhance readability and coherence.
- Learn how to define content editing and recognize different types of content editing.
- Master content formatting for various platforms, including print and digital media.
- Develop a personalized style guide to ensure content consistency.
- Implement strategies to proofread and finalize content for publication.
- Gain expertise in AI content editing and professional editing tools.
