Certificate in Data Protection and Privacy Compliance

Ref: 3255202_190789 **Date:** 7 – 11 June 2027 **Location:** London (UK) **Fees:** 6100 GBP

Introduction

In today's data-driven world, protecting personal information is more than a legal requirement—it is a matter of trust and reputation. Organizations face increasing pressure to comply with global privacy regulations such as GDPR, CCPA, and the UAE Data Protection Law.

The Certificate in Data Protection and Privacy Compliance is an intensive 1-week program designed to equip participants with the knowledge, tools, and strategies to manage privacy risks, build compliance frameworks, and ensure resilience in the face of evolving regulations.

Course Objectives

By the end of this course, participants will be able to:

- Understand global data protection and privacy regulations.
- Design and implement effective privacy frameworks and compliance strategies.
- Apply principles of data minimization, anonymization, and privacy by design.
- Identify, assess, and mitigate privacy risks across the organization.
- Establish governance structures for continuous compliance.
- Prepare for professional certification in privacy and data protection.
