Challenges of the Workplace Environment

Ref: 3254886_198301 **Date:** 4 – 8 October 2027 **Location:** Lagos (Nigeria) **Fees:** 4200 GBP

Introduction

The workplace environment in the Middle East and North Africa is evolving rapidly, bringing forth new and ongoing challenges for both employees and managers.
Whether you're an executive in the oil and gas sector, a team leader in a government institution, or working in the telecommunications industry, you've likely noticed how these changes impact work styles, team management, and achieving organizational goals.
Understanding these challenges and addressing them effectively is crucial to enhancing performance and ensuring sustainable success in your field.
This comprehensive training course is designed to provide you with a holistic understanding of workplace challenges and equip you with cutting-edge tools and innovative practices to overcome them.
You'll gain valuable analytical insights and practical solutions that you can immediately apply within your organization or team.
Regardless of whether you're starting your career or holding a leadership role, you'll acquire essential knowledge to develop your skills and increase your competence in tackling daily workplace challenges.

Course Objectives

- Identify key workplace challenges in modern organizations.
- Explore factors that influence job performance and productivity.
- Analyze root causes of challenges and practical ways to address them.
- Apply scientific models and tools for managing workplace challenges.
- Develop new leadership skills to manage teams effectively.
