Introduction

In an era of rapid change within the public sector, effective governance, leadership, and trusteeship are crucial for ensuring transparency, accountability, and the successful achievement of strategic objectives. This course is designed to modernize the competencies of government leaders and trustees, providing them with the tools to implement best practices in governance while leading their organizations with vision, integrity, and flexibility. Participants will explore advanced strategies that facilitate organizational transformation, enhance decision-making processes, and promote a culture of good governance aligned with contemporary trends and global best practices.

Course Objectives

By the end of the course, participants will be able to:

- Understand the fundamental principles of governance, leadership, and trusteeship within the public sector.
- Enhance leadership skills that foster innovation, strategic thinking, and ethical decision-making.
- Strengthen their ability to implement governance frameworks that enhance transparency and accountability.
- Acquire essential skills for effective trusteeship, including oversight, strategic planning, and risk management.
- Apply contemporary governance models tailored to the unique challenges of the public sector.
- Equip themselves with tools to navigate the complexities of public administration within a dynamic regulatory environment.
- Lead transformational initiatives that align with the principles of sustainable development and the public good.
