Financial Analysis for non-Finance

Ref: 3254652_316463 **Date:** 16 – 20 May 2027 **Location:** Sharm El-Sheikh (Egypt) **Fees:** 4200 GBP

Introduction

Unlocking Financial Insights for Non-Finance Professionals is a 1-week course specifically designed to empower non-financial professionals with the essential tools and knowledge needed to understand, analyze, and apply financial data in decision-making processes. By focusing on practical applications, this course ensures participants can confidently interpret financial statements, leverage financial metrics, and integrate financial analysis into their daily work to drive business growth, enhance operational efficiency, and make better-informed decisions. This course gives you the opportunity to learn how to apply financial analysis in a practical way that improves business strategies and outcomes.

Course Objectives

By the end of this course, participants will be able to:

- Demystify Financial Jargon - Build confidence in understanding key financial terms, concepts, and metrics commonly used in business.
- Analyze Financial Statements - Learn how to interpret income statements, balance sheets, and cash flow statements to evaluate a company's financial health.
- Apply Financial Ratios & Metrics - Understand and use financial ratios to assess business performance, profitability, and efficiency.
- Make Data-Driven Decisions - Use financial analysis to guide and improve decision-making processes, contributing to strategic business outcomes.

Course Outlines
