# Enhancing the Skills of Supervisory leadership

## Introduction

This dynamic and interactive training course will enable you to become a confident, credible, and capable supervisor, by focusing on the core competencies needed to manage yourself, your workload, and your team.

These competencies include taking control of your workload through planning and effective time and task management, getting the best out of your team through leadership, teamwork, and staff development, and ultimately contributing to the success of your organization through setting and achieving of goals to improve you and your team's contribution to its internal and external customers.

Further, you will also learn key self-management strategies, for you to have the character and discipline not just to survive but excel in your role as a supervisor.

## Course Objectives of Enhancing the Skills of Supervisory leadership

- Organise workload through effective planning, prioritizing & time management methods
- Support the team output through teamwork, delegation, coaching, motivation & staff development strategies
- Apply techniques to communicate clearly, concisely & consistently with all levels of the company
- Examine the leadership styles, strengths & weakness & how it affects the team & job success
- Manage the mind, emotions & stress effectively to not just achieve work goals but to enjoy work-life more
