Advanced New Manager and Leadership Techniques

Introduction

In today's complex work environment, becoming a new executive manager/leader demands new skills and approaches to getting things done. New executive managers must learn how to lead, motivate, and accomplish tasks effectively and efficiently through others. This course will guide you through using the situational leadership model, helping you navigate motivation, delegation, and decision-making. You will also learn how to stay focused and keep track of your goals using effective time and stress management tools and techniques.

Course Objectives

This course equips you with the advanced skills required to succeed as a new manager/leader in today's competitive work environment. The objectives of the course include:

- Mastering Executive Coaching, Strategy, and Leadership in your new role.
- Defining the importance of your role as a new-level manager/leader.
- Applying various leadership styles to effectively lead and motivate your employees.
- Empowering employees through motivation and delegation.
- Creating and managing high-performing teams.
- Managing yourself, time, and stress in a fast-paced work environment.
- Using new tools and techniques to enhance problem-solving and decision-making.

Course Outlines

Day 1: Executive Responsibilities of New Managers

- Why most new managers and supervisors fail.
- Managing in the new competitive landscape.
- Managing for competitive advantage.
- Designing your winning strategy to fit your roles and responsibilities.
