Introduction

Welcome to the Vision 2040 Realization Course!

Vision 2040 is a strategic roadmap designed to elevate the country to new heights by 2040. However, fully understanding this vision and determining the role of each individual and entity in its achievement is often a complex task. There is a gap in comprehending the vision, which leads to challenges in realizing its full potential. The deeper we dive into this subject, the more effectively we can utilize the country's resources and position it for a brighter future.

This course aims to break down the components of Vision 2040 and provide a clear framework for translating it into actionable steps. By understanding how to set strategic goals, identify vision realization programs, and overcome barriers in strategy implementation, you will be empowered to play a significant role in realizing the national vision.
