A large, detailed image of chess pieces on a checkered board. In the foreground, a silver king piece stands prominently on a dark square. To its left, a silver pawn is on a light square. Further back, another silver pawn is visible. The background features a series of concentric, light gray circles that create a sense of depth and focus on the king piece.

Modern Internal Audit Reports in the Public Sector

Ref: 3254749_319965 **Date:** 4 – 8 July 2027 **Location:** Dubai (UAE) **Fees:** 4200 GBP

Introduction

Modern internal audit reports play a crucial role in enhancing transparency and accountability within government institutions. These reports are vital tools for decision-makers to assess financial and administrative performance, enabling them to take corrective actions based on accurate and timely data. With the evolution of modern standards, technologies, and methodologies in internal auditing, it is essential to prepare high-quality audit reports that are clear, professional, and precise. This course is designed to equip internal auditors in the public sector with the knowledge and practical skills required to prepare modern, comprehensive, and professional internal audit reports. Participants will focus on utilizing advanced tools and techniques to craft reports that meet the highest standards and comply with governmental regulations.

Course Objectives

By the end of this course, participants will be able to:

- Understand the standards for preparing internal audit reports according to best practices.
- Develop skills in data analysis and present findings clearly and effectively in the audit report.
- Prepare internal audit reports that comply with professional standards and government regulations.
- Enhance the effectiveness of audit reports in identifying risks and providing actionable recommendations.
- Utilize digital tools and modern technology in the process of preparing internal audit reports.
- Strengthen communication with stakeholders through effective reporting.
