Negotiation Fundamental Principles and Techniques

Introduction

Anyone interested in getting a "YES" more often, whether in the private sphere or especially in the diplomatic or business spheres.

Negotiation is a key part of creating value for your organization, your business and/or yourself. Your success depends on your personal skills as a negotiator, whether you are seeking resources for your project or team, deciding on a new hire's salary, or inking a high-stakes deal for your company.

Our Trainer "Maurice Contat" proven work in this field has given us confidence in our ability to reach your essentials

Course Objectives of Negotiation Fundamental Principles and Techniques

- Emphasize the value of what attendees already know and "complete the toolbox"
- Know how to prepare and manage a negotiation
- Be able to recognize and use influencing techniques

- Know how to recognize them and use them to your advantage

Day 5

Pedagogical notes

The session

- At the start of the session, participants are asked to briefly present a negotiation situation they have witnessed or participated to, in the business or diplomatic fields, by answering the following questions:
- What was the situation - Its stakes
- The people involved
- The encountered difficulties
- The resolution
- If successful, what was the cause? If unsuccessful why? What could have "made the difference"
- The purpose of this introduction is to identify the knowledge and needs of the participants in order to address them during the session and facilitate the acquisition of teachings by linking them to the experience of the participants
