Leadership in Learning & Development for Human Resources

Introduction

The world lacks effective business leaders, and this course is designed to bridge the gap between mediocre performance and sustained high achievement. Focused on accelerating leadership development, it equips participants with coaching techniques to become better leaders. Whether your leadership style is situational, transformational, strategic, or inspirational, this course will guide you to refine your skills and achieve your leadership goals.

The training also emphasizes HR development, offering a clear understanding of what HR development is, its strategies, methods, and processes. This course provides tools to connect training planning with leadership learning goals, creating sustainable and innovative outcomes.

Course Objectives

- Develop a comprehensive understanding of leadership in HR management and HR development goals.
- Gain practical skills in HR development activities and methods to enhance performance.
- Explore leadership in learning organizations to inspire and lead effectively.
- Understand and apply the HR development process for long-term organizational success.
- Learn strategic approaches to align training planning with leadership learning initiatives.
- Utilize predictive tools to analyze trends and forecast training needs.
- Integrate training strategies with HR development definitions to maximize organizational impact.

Course Outlines
