# Workshop Advanced Internal Audit

## Introduction

The Advanced Internal Audit Workshop is a comprehensive 5-day program designed to enhance the skills and knowledge of internal auditors, risk management professionals, and financial analysts. This workshop aims to provide participants with the advanced techniques and tools necessary to excel in the field of internal auditing. The program covers a wide range of essential topics for professionals who want to elevate their internal audit capabilities to the next level.

Throughout the workshop, participants will explore global internal audit standards, best practices in audit processes, and advanced tools such as data analytics, continuous auditing, and forensic audit procedures.

## Course Objectives

By the end of this course, participants will be able to:

- Enhance Internal Audit Skills: Develop advanced auditing skills, including risk assessment, data analysis, and audit planning, to perform more effective and efficient internal audits.
- Understand Emerging Risks: Stay updated on the latest industry trends, regulatory changes, and emerging risks that could impact internal audit practices.
- Implement Advanced Audit Techniques: Learn and apply advanced audit techniques such as data analytics, continuous auditing, and forensic auditing procedures.
- Strengthen Governance and Compliance: Gain insights into corporate governance, compliance frameworks, and best practices to ensure organizational compliance and mitigate risks.
- Improve Communication: Enhance communication and reporting skills to effectively convey audit findings, recommendations, and insights to stakeholders.
- Optimize Audit Technology: Explore the use of audit management software and other advanced technologies to streamline audit processes and increase efficiency.
- Develop Soft Skills: Enhance leadership, critical thinking, and problem-solving skills to lead audit teams effectively and navigate complex audit scenarios.
- Network Professionally: Build a professional network with fellow internal auditors and industry experts for knowledge-sharing and career advancement.

## Course Outlines

### Day 1: Fundamentals of Advanced Internal Auditing

- Introduction to advanced internal auditing.
- Role of internal audit in risk management.
- Audit methodologies and global internal audit standards.
- Planning and scoping advanced audits.

### Day 2: Risk Assessment and Audit Planning

- Advanced risk assessment techniques.
- Development of audit programs.
