Advanced Course in Developing Skills for Senior Executive Office Managers

Introduction

This comprehensive training course is designed for executive assistants and senior administrative professionals, aiming to enhance their skills and provide them with best international practices in office management. The course equips participants with the technical knowledge necessary to perform administrative and executive tasks efficiently while preparing them with the essential skills to handle the responsibilities of senior office management.

Throughout this course, participants will learn about key office management concepts, time management strategies for senior executives, and effective workplace communication skills. They will also gain expertise in handling interactions with executives and subordinates, utilizing technology to streamline office management, and developing behavioral skills such as formal correspondence, meeting organization, and report writing. This program is ideal for professionals aiming to transition from mid-level management to senior executive roles, improve communication with top management, and develop their leadership skills.

Course Objectives

By the end of this course, participants will be able to:

- Understand the fundamental concepts of executive office management and key responsibilities of senior executives.
- Apply planning, scheduling, and task-tracking skills for efficient office management.
- Develop strategic communication skills to improve collaboration with colleagues, subordinates, and senior executives.
- Handle challenging situations and enhance decision-making skills in a corporate environment.
- Leverage technology to optimize office management and minimize paperwork.
- Master official correspondence skills, meeting documentation, and report writing.
- Develop the behavioral and managerial competencies necessary for senior office administration.
- Improve time management techniques and implement strategies to reduce workplace stress.

Course Modules

Day 1: Fundamentals of Executive Office Management

- Understanding the importance and scope of an executive office manager's role.
- Differences between office management and traditional administrative tasks.

UK Training
PARTNER

- Key responsibilities and skills required for senior office managers.
