High Impact Leadership For Two-days

Introduction

The High Impact Leadership course is designed to strengthen leadership capacity, improve leadership skills, and help participants create clearer influence across teams, stakeholders, and complex work situations.

In roles that involve sensitive decisions, customer issues, risk matters, audit observations, recovery cases, or service challenges, leadership is not only about managing tasks. It requires the ability to guide people, make sound decisions, communicate direction, build accountability, and maintain confidence during pressure.

This two-day course focuses on practical leadership behavior, team guidance, decision-making confidence, accountability, and communication. It helps participants strengthen their ability to lead with clarity, support team performance, handle difficult situations, and create a more consistent leadership impact. The content is aligned with the course title High-Impact Leadership and the required focus on developing leadership capacity and leadership skills.

Course Objectives

By the end of this course, participants will be able to:
