### Introduction

In today's competitive landscape, customers don't just seek solutions — they seek experiences. This course is designed to help professionals across industries build the practical skills required to consistently exceed customer expectations and create long-term loyalty.

Tailored specifically for professionals in the Middle East and North Africa, it targets team leaders, frontline staff, managers, and executives across both public and private sectors — from banking and telecom to government, oil and gas, and more. The course aims to elevate both individual performance and organizational service excellence.

### Course Objectives

- Understand customer psychology and expectations.
- Develop strategies for building long-lasting customer relationships.
- Enhance verbal and non-verbal communication skills.
- Handle complaints and challenging scenarios with confidence.
- Apply tools for analyzing customer experience.
- Strengthen customer loyalty through added value.
- Create a customer-centric organizational culture.
- Measure and improve customer satisfaction metrics.

### Course Outlines

#### Day 1: Understanding Customer Expectations

- Introduction to customer experience.
- What makes a service truly “exceptional”?
- Types of customer personas and behavior.
- Collecting and interpreting customer feedback.
- Case studies on expectation management.
- Group exercises on real-world scenarios.
