Certified Innovation Professional (CInP)

Ref: 3255244_335917 **Date:** 14 – 18 June 2027 **Location:** Kuala Lumpur (Malaysia) **Fees:** 4200 GBP

Introduction

Innovation is no longer a luxury; it is a necessity for organizations seeking sustainable growth and competitive advantage. The Certified Innovation Professional CInP program is designed to equip professionals with the knowledge, tools, and frameworks to drive innovation, lead change, and transform ideas into impactful solutions. It goes beyond creativity to provide structured approaches that embed innovation into organizational strategy and culture.

This program targets executives, team leaders, and specialists from diverse industries such as energy, banking, telecommunications, project management, HR, marketing, and sales. Participants will gain the skills to design innovation strategies, foster collaborative cultures, and deliver measurable results that strengthen institutional performance.

Course Objectives

- Understand the core concepts of innovation and its role in organizational growth.
- Apply tools and techniques to generate, refine, and implement innovative ideas.
- Develop strategies that align innovation initiatives with business objectives.
- Build a culture that supports creativity and cross-functional collaboration.
- Manage innovation projects using structured methodologies.
- Use key performance indicators KPIs to measure innovation success.
- Learn from case studies showcasing global best practices.
- Strengthen leadership capabilities to drive change and transformation.
