Executive PA Training: Master Advanced Skills

Ref: 3255641_347133 **Date:** 5 – 9 April 2027 **Location:** Paris (France) **Fees:** 5200 GBP

Introduction

In today's fast-paced and highly demanding business environment, the role of the executive personal assistant EA has evolved far beyond traditional administrative duties. The modern EA is now a strategic partner, a trusted advisor, and a key contributor to executive performance and organizational success.

This intensive one-week program is designed to develop the advanced capabilities required to operate at senior leadership levels. It focuses on enhancing strategic thinking, strengthening professional communication, and building the flexibility and confidence needed to succeed in dynamic executive environments. Participants will gain practical tools and insights to support decision-making, improve efficiency, and deliver high-impact executive support.

Course Objectives

By the end of this program, participants will be able to:

- Build strong and effective strategic partnerships with senior executives
- Communicate with confidence and professionalism in executive-level environments
- Apply advanced time management and organizational skills
- Develop a strong leadership presence and personal brand
- Leverage modern digital tools and technologies to enhance productivity and performance

Course Outlines
