Further back, another silver pawn piece is visible on a light square. The background features concentric circles and a checkered pattern, creating a sense of depth and strategy.

Fundamentals of ESG Training Course: Reporting, Ratings & Risk Management

Ref: 16_360989 Date: 21 – 25 February 2027 Location: Dubai (UAE) Fees: 4900 GBP

Introduction:

Fundamentals of ESG training explains environmental, social and governance ESG principles: the criteria investors, regulators, customers, employees and communities use to judge how an organisation manages its impacts, its people and its oversight. This practical five-day course is designed for sustainability and ESG professionals, risk and compliance professionals, finance and investment professionals, corporate governance specialists, business leaders, reporting professionals, and professionals responsible for ESG strategy, reporting, stakeholder engagement and risk management. It provides a practical understanding of ESG principles, business importance, ESG standards and frameworks, reporting, stakeholder engagement, ESG ratings and indices, and ESG risk management, and focuses on applying ESG principles to business decision-making, reporting, risk management, stakeholder communication and organisational strategy. Particular emphasis is placed on the Global Reporting Initiative GRI, SASB, TCFD, ESG transparency, ESG ratings, risk assessment, mitigation strategies, stress testing and scenario analysis.

Course Objectives:

By the end of this course, participants will be able to:

- Understand ESG principles, fundamentals, and their importance in business.
- Explain the evolution of ESG standards, frameworks, and market expectations.
- Apply major ESG reporting frameworks, including GRI, SASB, and TCFD.
- Improve ESG reporting, transparency, stakeholder engagement, and communication.
- Understand ESG ratings, rankings, and indices and assess ESG performance.
- Identify, assess, and prioritise material ESG risks.
- Integrate ESG risks into enterprise risk management processes.
- Develop practical ESG risk mitigation strategies.
- Apply ESG stress testing and scenario analysis.
- Assess the potential financial, operational, strategic, and reputational impacts of ESG risks.

Target Audience:

- Sustainability and ESG professionals
- Risk and compliance professionals
- Finance and investment professionals
- Corporate governance specialists
- Business leaders
- Reporting professionals
- Professionals responsible for ESG strategy, reporting, stakeholder engagement and risk management

UK Training
PARTNER

- Limited understanding of ESG principles and their business implications.
- Inconsistent or incomplete ESG reporting and disclosure.
- Weak transparency and credibility in ESG communications.
- Poor stakeholder engagement and communication.
- Difficulty responding effectively to ESG ratings and assessments.
- Limited visibility of material ESG risks.
- Weak integration of ESG risks into enterprise risk management.
- Ineffective ESG risk mitigation strategies.
- Limited ability to assess ESG risks through scenario analysis and stress testing.
- Increased exposure to financial, operational, strategic, and reputational ESG risks.

Conclusion:

Over five days, this course provides a practical understanding of ESG principles, business relevance, reporting frameworks, stakeholder engagement, ESG communication, ratings, indices, and risk management. The course combines ESG fundamentals with practical applications covering GRI, SASB, TCFD, ESG reporting and transparency, stakeholder engagement, ESG ratings, risk assessment, mitigation, stress testing, and scenario analysis.

Participants will develop the ability to understand ESG expectations, assess material ESG issues, improve reporting and transparency, engage stakeholders, interpret ESG ratings, integrate ESG risks into risk-management processes, and support stronger ESG-related business decisions. Practical learning is supported through case studies, scenarios, exercises, group discussions, reporting examples, and applied ESG activities throughout the course.

Frequently Asked Questions FAQ:

Who is the Fundamentals of ESG training course designed for?

Sustainability and ESG professionals, risk and compliance professionals, finance and investment professionals, corporate governance specialists, business leaders, reporting professionals, and professionals responsible for ESG strategy, reporting, stakeholder engagement, and risk management.

Is the Fundamentals of ESG training course practical?

Yes. The course includes case studies, exercises, group discussions, ESG scenarios, reporting examples, risk assessment activities, and practical ESG applications.
