Key Performance Indicators (KPIs) & Optimisation

Code: LM28 From: 28 April - 2 May 2025 City: Toronto (Canada) Fees: 5700 Pound

Introduction

This program is made up of hands-on workshops and is designed to enable anyone involved with developing performance measures to learn best practices so they can more effectively and efficiently develop, deploy, and manage KPIs. Participants will understand the important business drivers that ensure a successful performance measurement system implementation. Participants will contribute to organizational success by measuring what matters most and apply it to what they learned to their own organization's performance measurement architecture.

Course Objectives of Key Performance Indicators KPIs & Optimisation Workshop

- Recognize performance management as a key strategic and competitive differentiator
- Understand the theory and application of corporate performance management through Balanced Scorecards BSCs and other frameworks for developing KPIs
- Create buy-in and a culture of continuous performance improvement to enthusiastically own performance measurement and improvement
- Develop best-practice KPIs, performance targets, and management dashboards
- Improve the performance of departments, teams, programs, projects, risks, and individuals
- Make their strategy measurable and easier to communicate and cascade
- Communicate performance information throughout the organization to better inform decision making
