## The A - Z of Warehouse Management

Code: SC28 From: 17 - 21 August 2025 City: Tunis (Tunisia) Fees: 3700 Pound

### Introduction

Warehousing operations are at the heart of the supply chain of any organization. The ability to secure the storage and flow of supplies with an eye on balancing costs with desired service levels provides a formidable challenge to the warehousing professional.

In this course, we describe the strategic role of warehousing in the broader context of supply chain management and logistics. We also detail the different warehousing activities and focus on the ones which warehousing can contribute to, in the organization. In addition, we examine the operational and financial performance aspect of warehousing, with an eye on sustainability.

### Course Objectives of The A - Z of Warehouse Management
