The Full Program in Accounting

Code: FA28 From: 5 - 9 May 2025 City: Los Angeles (USA) Fees: 5700 Pound

Introduction

The course includes a comprehensive illustration of how accounting information is collected, recorded, analyzed, and presented both internally and externally, to support effective management, control, and decision making. The course offers insights into the main factors that are essential to the successful financial management of corporations, including the efficient allocation of resources, within the economic, competitive, and physical environment. The course will also put emphasis on the importance of good quality corporate governance and management of financial risks.

Training Objectives of The Full Program in Accounting

- Prepare the income statement, balance sheet, and cash flow statement
- Use accounting techniques to improve profitability and efficiency
- Understand and evaluate corporate financial reports
- Identify and appraise wealth-generating investments
- Recognise, quantify, and control financial risk
