Modern Innovation & Leadership

Code: LM28 From: 5 - 9 May 2025 City: Cape Town (South Africa) Fees: 3700 Pound

Introduction

Impact through Self Awareness will take participants on a journey of discovery and self-mastery. It will enable participants to understand and leverage their core strengths to become authentic and how to become an innovative leader?

Fearless leaders and role models who empower everyone around them. Participants will develop leadership and coaching skills, confidence, understanding of the importance of leadership skills core competencies, and strengths. They will identify what they want for their and the future of their organization.

Through leadership and management training programs participants understand that there are no limits to leadership. and that if we change, everything else will effortlessly change around us.

In this area of leadership and teamwork training, it becomes clear why leadership is so important?

Leadership training topics help those interested in this aspect deepen their management concepts. This is done by applying the latest business leadership training theories and innovation patterns in all their forms.

Training Objectives

- Demonstrate authentic leadership skills, and drive transformation in the workplace
- Become role models for other potential leaders and help to create a culture that embraces and leverages diversity
- The best way to develop communication and team leadership management skills is to participate in a leadership development program. This will help you to think in a solution-driven way and take on leadership roles with confidence.
- Develop self-awareness and confidence in what they are broadcasting and how this can impact the team they are working in
- Produce an individual action plan to ensure learning is embedded in the workplace and that participants have leadership opportunities. and coach around them
