MBA in Finance & Accounting

Code: FA28 From: 20 - 31 October 2025 City: Cape Town (South Africa) Fees: 5600 Pound

Introduction

The Finance and Accounting MBA is an intensive 10-day program designed to sharpen your management skills and focus on current best practices in finance and accounting. Finance is a core process/function in a business that requires executive attention. Accounting is the language of business; understanding and applying this language to your business, in general, remains the single most valuable competence of management. Prepare yourself by enhancing your competence in identifying best practices in finance and accounting.

Course Objectives of MBA in Finance & Accounting

- Manage and motivate people more effectively.
- Understand and effectively utilize strategic planning techniques.
- Use the Baldrige performance criteria as a standard of excellence and benchmark for your organization.
- Focus on real companies and their finance function and accounting processes to show participants which elements have achieved best practices status.
- Remove much of the mystique associated with the management of finance and accounting.
- Focus on challenging yourself to become the strategic financial leader of the organization.
- Prepare yourself for future responsibilities by examining best practices in these important functions/processes.

MBA in Finance & Accounting Course Outlines

Day 1

Getting started with best practices in finance and accounting

- The role of financial management - CFO, Treasurer, and Controller.
- The role of functional management with respect to financial management.
- The basic financial statements and their articulation.
- Evaluating performance and why ROI/ROCE is still a good place to start.
- Competitive perspectives related to financial statements.
- Best practices in preparing, presenting, and populating financial statements.
- Identifying key success factors in industry sectors.
- Deriving lessons learned.

Day 2

Best practices in early review and projections of strategy via financial statements

- Short-term success evaluation process and measures.
- Weak signals for future strategic adjustments.
- Buy, sell, or hold investments.
