## Essentials of Budgeting & Cost Control Training

Code: FA28 From: 29 June - 3 July 2026 City: Maldives (Maldives) Fees: 4700 Pound

### Introduction

Planning and management control are essential components for contemporary organizations. The Essentials of Budgeting & Cost Control training course is designed to equip you with widely used tools and techniques necessary for short-term planning, monitoring, and sustaining performance through budgeting and budgetary control.

Cost control and budgeting are inextricably linked, with cost control management playing a crucial role in effective financial oversight. Realistic budgets rely on accurate cost analysis and forecasting, and it's critical to understand cost behavior to plan realistically and implement appropriate financial and non-financial performance measures. This course will guide you in mastering best practices such as using flexed budgets to calculate variances against actual performance, enabling you to take corrective actions promptly.

### Course Objectives

By the end of the course, you will be able to:

- Develop an integrated planning, budgeting, and reporting process to streamline decision-making and organizational alignment.
- Actively participate in the budgeting process within your organization, understanding all stages of cost control.
- Analyze cost behavior and manage costs more effectively for better financial control.
- Master both traditional and innovative approaches to budgeting and cost control, optimizing resource allocation.
- Select appropriate performance measurement systems and KPIs to track organizational performance efficiently.
