Compensation Packages and Payrolls Structure

Code: HR28 From: 25 - 29 August 2025 City: Düsseldorf (Germany) Fees: 4200 Pound

Introduction

Effective employee management and motivation are closely tied to employee reward systems. There is a strong correlation between organizational success and the effectiveness of reward systems, demonstrating that how employees are rewarded should be directly linked to their overall value to the organization. This program, Compensation Packages and Payroll Structures, focuses on the essential elements of employee rewards, proposes a holistic approach to reward systems, and provides delegates with sufficient input to get started in this fascinating area of HR. By the end of this course, participants will have the tools to create and implement effective payroll systems and compensation strategies.

Course Objectives

By the end of the course, participants will be able to:

- Understand the concepts and functions of reward systems.
- Identify the elements of reward systems.
- State the purpose of reward systems from both organizational and employee perspectives.
- Compare different types of salary structures and payroll systems.
- Evaluate the impact of performance-related pay.
- Understand the uses of various types of benefits and allowances.
- Analyze factors influencing International pay and expatriate rewards.
- Develop compensation analysis and strategies for executive compensation.

Course Outlines

Day 1: Introduction to Reward Systems

- Defining the roles of HR and line management in reward systems.
- Overview of reward systems: What are they, and why do they matter?
- The elements of reward systems.
- Reward management: Key strategies and philosophies.
- Labour markets and economic theories influencing payroll structures.
- Reward philosophies, strategies, and policies.
- Factors affecting pay levels and the payroll process.

Day 2: Salary Structures

- Defining salary structures and their purpose.
- Graded pay structures and their role in compensation.
- Broad-banding and its application in the payroll department.

UK Training
PARTNER

- Job range structures and job family structures.
- The concept of pay curves and pay spines.
- Integrated pay structures and their significance in payroll management.

Day 3: Rewarding Individuals and Teams

- Understanding performance-related pay PRP.
- The role of PRP as a motivator in the organization.
- Performance management and its link to reward systems.
- Blue-collar incentives and the impact of performance-based rewards.
- Skill and competency-based pay.
- Team rewards and how they connect to organizational performance.

Day 4: Benefits, Allowances, and Pensions

- Exploring non-financial rewards and their role in the compensation structure.
- Various benefits and allowances.
- Pension schemes and retirement plans within compensation packages.
- Employee benefits strategies and policies.
- Flexible benefit systems and their growing importance.
- Location and subsistence allowances, overtime, and shift payments.
- Standby and call-out allowances.

Day 5: International and Expatriate Considerations

- International pay: What it means for global operations.
- Expatriates rewards: Understanding the specifics of compensating employees working abroad.
- Home vs. host-based pay systems.
- Managing global reward systems.
- Final consolidation exercise to review the course material.
- Developing personal development plans for the future.

Why Attend This Course: Wins & Losses!

- Improved compensation strategies: Learn how to design compensation packages linked to employee performance and organizational goals.
- Performance-based motivation: Gain insight into how performance-related pay can drive productivity and engagement within teams.
- Salary structure understanding: Deepen your understanding of salary structures and their role in creating fair and competitive pay systems.
- Executive compensation analysis: Master executive compensation plans and strategies for optimizing leadership rewards.
- International pay systems: Learn how to structure global payroll systems to meet the needs of international and expatriate employees.

Conclusion

This course provides participants with the tools and strategies needed to effectively manage and design compensation packages and payroll systems that align with organizational goals. You will gain the skills to optimize
