Organisational Development Specialist

Code: HR28 From: 2 - 6 August 2026 City: Sharm El-Sheikh (Egypt) Fees: 3700 Pound

Introduction

This Organizational Development course focuses on enhancing the capabilities of professionals involved in strategic change management within organizations. The importance of training and development in organizations lies in improving organizational performance by providing employee development programs and enhancing leadership and management skills. During this course, participants will acquire the knowledge and tools necessary to assess an organization's readiness for development, design and implement change strategies, and develop sustainable action plans to support long-term organizational growth.

The course aims to strengthen participants' ability to understand the significance of organizational development, analyze relevant data, and apply effective change management processes. Furthermore, it focuses on creating effective employee training programs and employee recognition programs that foster growth and productivity within organizations. With a strong emphasis on strategic change management in public sector organizations, this training ensures participants can apply their skills across diverse organizational structures and sectors.

Course Objectives

By the end of this course, participants will be able to:

- Understand the field of organizational development and its significance within organizations.
- Evaluate the organization's readiness for development and make data-driven decisions.
- Develop tools for data collection and feedback to assess organizational development.
- Implement strategic change management processes within organizations.
- Design and implement employee development programs that enhance organizational performance.
- Assess the results of organizational change and ensure its sustainability.
- Define action plans and strategic goals to guide organizational development initiatives.

Course Outlines

Day 1: Introduction to Organizational Development

- Overview of Organizational Development and its importance for organizations.
- The main conceptual framework for organizational development.
- The history and pioneers of organizational development.
- Practical research methods and the role of data in assessing organizational needs.
- Assessing organizational readiness for development using practical tools.
- How human resources and the organization benefit from organizational development.

Day 2: Organizational Development Analytics

A graphic of a chessboard with several pawns. In the foreground, a large gold king piece stands prominently. Behind it, several silver and gold pawns are positioned on different squares. The background features a series of concentric, light gray circles, creating a sense of depth and focus on the chess pieces.
