Contract Management & Legal Drafting Advanced Course

Code: LD28 From: 14 - 18 July 2025 City: London (UK) Fees: 5100 Pound

Introduction

The Contract Lifecycle Management course is a comprehensive training designed for professionals involved in the contract management process. This course covers the full spectrum of contract management, from negotiating the initial deal to drafting robust legal agreements, managing the contract's performance, and resolving disputes. It provides participants with practical insights into legal drafting and contract management best practices, ensuring they can effectively manage the lifecycle of contracts in any industry.

This training will allow you to understand how to structure a deal, draft legal documents efficiently, and manage the performance of contracts, whether for management agreements, property management contracts, or any other type of contract. The course will also offer valuable perspectives on contract management from the viewpoint of both parties involved, enhancing your strategic approach to contractual relationships.

Course Objectives

Upon completion of this course, participants will:

- Gain a thorough understanding of the contract lifecycle management, from negotiation to contract termination.
- Learn how to draft legal agreements using industry-specific practices and tools.
- Understand the fundamentals of contract management, including how to manage contracts through their entire lifecycle, ensuring compliance and performance.
- Use legal writing techniques to ensure clear, concise, and enforceable contracts.
- Master how to negotiate complex contracts, structure key terms, and handle amendments and qualifications.
- Learn strategies to avoid common legal pitfalls, such as vague language and ambiguity, in contract drafting.
- Understand how to manage and resolve disputes, both internally and through external dispute resolution mechanisms like mediation and arbitration.
