Advanced Strategies in Total Quality Management

Code: QM28 From: 16 - 20 June 2025 City: Lisbon (Portugal) Fees: 4400 Pound

Introduction

This course presents a blend of strategy and quality to help participants develop the right skills to plan their organization's quality strategic plans. The course will take participants through the history of quality and strategy and link them both using practical applications. Participants will learn how to analyze the current organizational status and identify gaps and future needs. The course will also examine the strategic planning process from initiation to selection of initiatives. Moreover, the identification process of quality key result areas will be discussed. Participants will leave with the tools, skills, and knowledge to start their own journey to strategize for their quality departments and produce deployment plans.

Course Objectives of Advanced Strategies in Total Quality Management

- Define quality and strategy concepts highlighting the main components of strategic planning in quality
- Analyze the current situation identifying opportunities to draft a strategic quality plan
- Generate strategic goals for their quality department
- Convert a strategic plan into an operating plan
- Examine how to measure the success of a strategy on quality, how to extract Key Performance Indicators KPIs, and how to draft a quality department balanced scorecard
