## Risk Management Professional (RMP)

Code: OC28 From: 13 - 17 July 2025 City: Kuala Lumpur (Malaysia) Fees: 4900 Pound

### Introduction

The overall aim of this course is to prepare participants for the Risk Management Professional RMP certification. Additionally, participants will be able to develop project risk management plans and risk registers. The course also aims to assist participants in performing qualitative and quantitative assessments for developing appropriate risk responses. In line with the above, participants will devise key performance indicators for monitoring and controlling project risks.

### Course Objectives

- Define several essential risk terms and create a solid risk management framework.
- Plan risk management and keep track of the risk register.
- Identify project risks using different techniques.
- Evaluate qualitatively the identified project risks.
- Qualitatively assess the most prominent project risks.
- Estimate quantitatively the overall effect of risk on the objectives of the project.
- Develop effective response actions that are appropriate to the priority of the project risks.
- Review and control project risks through reassessments and audits.
- Identify the leadership and communication competencies related to risk management.
