HealthCare Management & Administration (HMA)

Code: HM28 From: 13 - 17 October 2025 City: Rome (Italy) Fees: 4900 Pound

Introduction

The role of Healthcare leaders is to create and sustain a successful organisational environment. This environment should optimise effectiveness and safety for the patient. Simply it should be centered around patient care. The leader's role is not confined to ensuring the best possible physical environment. Yet, they should extend to providing an organizational culture. This culture supports healthcare team members in the often-stressful work of direct care provision. The covid-19 pandemic has brought the need for agility and resilience for individuals, society, and healthcare organizations in the entire world. Health administration and management are the keys.

Important note:

Blackbird Training Centre offers a site visit to a public/private hospital in Istanbul for group registration.

You can check our channel on YouTube to see a video of our visits to the hospitals.
