Leadership & Strategic Management Comprehensive Course

Ref: 321654_136784 **Date:** 15 – 26 March 2027 **Location:** Kigali (Rwanda) **Fees:** 7600 GBP

Introduction

In today's ever-changing and uncertain business environment, effective leadership is more crucial than ever. Leaders are required to navigate complex challenges and drive organizations toward success. This Leadership & Strategic Management Training Course is designed for individuals seeking to enhance their leadership skills, understand the importance of leadership, and refine their strategic management capabilities. This course will provide you with insights into strategic leadership, help you master executive leadership, and teach you how to leverage your leadership to foster growth, innovation, and success within your organization.

The course focuses on empowering leaders to implement strategic management, build strong leadership strategies, and understand the core principles that govern effective leadership. You will be introduced to various types of leadership, leadership responsibilities, and the leadership strategies that drive business success.

Course Objectives

- Differentiate between leadership and management, and understand the importance of leadership in achieving organizational goals.
- Explore the strategic leadership definition and understand its role in driving change and business success.
- Develop your leadership skills and enhance self-awareness by reflecting on your personality and behaviors.
- Analyze different types of leadership and identify the best approaches for specific business scenarios.
- Understand the role of leaders in fostering innovation and achieving strategic management goals.
- Learn how to motivate teams and evaluate how leaders influence organizational culture and climate.
- Navigate change, strategy, and innovation while managing cultural differences and global teams.
- Develop a strategic roadmap for executive leadership and learn how to engage in impactful leadership conversations.

Course Outlines
