## Client Service for Government Employees

Code: NC28 From: 14 - 18 April 2025 City: London (UK) Fees: 5100 Pound

### Introduction

The benefits of providing excellent customer service are quite clear in the commercial, for-profit world, but what is often overlooked is that the very same principles are also just as necessary in the public sector. Citizens have become used to the 24/7/365 'Always on' ethos of the commercial world and are, increasingly, expecting the same levels of service and responsiveness from Government agencies too.

Customer Service for the Public Sector training course is designed to give participants the communication skills, negotiation strategies, and public-sector customer service best practices they require to significantly improve customer service while lowering costs and increasing employee satisfaction. Delegates will walk away from this training course with the ability to measure customer satisfaction and apply the design elements necessary to structure their organization in a customer-centric manner to respond effectively as customer service needs and conditions change.

### Course Objectives of Customer Service Training for Government Employees

- Develop proactive customer service vision, policies, and procedures.
- Successfully handled working with the four types of customer personalities.
- Calm upset or difficult customers over the phone and in person.
- Manage your emotions in stressful situations.
- Enhance listening and questioning skills to better understand your customer's real needs.
- Set SMART goals to continuously improve customer service satisfaction.

### Customer Service Training for Government Employees Course Outlines
