Dynamics of Management & Leadership in Hospitals

code: HM28 From: 8 - 12 July 2024 Venue: London (UK) - Landmark Office Space - Oxford Street Fees: 5200 Pound

Introduction

This course develops general and foundational management skills for hospital managers and prepares participants for the MPC assessment and certification. Participants will gain insight into the competencies necessary to lead and manage in today's dynamic workplace. They will explore core management functions critical to perform day to day activities, and learn about the different management styles they need to develop and apply. The course also lends participants the opportunity to recognize coaching as an important management asset to motivate others, overcome barriers and solve business challenges. Finally, participants will explore leadership, and understand why they need to lead as well as manage if they intend to maintain a healthy work environment and achieve desired results

Course Objectives of Management & Leadership in Hospitals

- Recognize the various management functions and the skills associated with each one of them
- Develop key managerial competencies essential in conducting related tasks and activities
- Apply a coaching approach to improve performance and maximize results
- Distinguish between types of motivational approaches and when to utilize each
- Employ a variety of analytical and problem-solving tools and methods when dealing with business challenges
- Improve essential leadership habits critical to the success of a professional manager
