Accounts Payable: Accounting and Management Best Practices

Code: FA28 From: 30 December 2024 - 3 January 2025 City: Los Angeles (USA) Fees: 5700 Pound

Introduction

Accounts Payable AP is not just processing checks, mailing them and then filing the backup paperwork. To truly and effectively manage accounts payable, one must understand the AP department's building blocks including, but not limited to customer service, vendor management, check requests and Purchase Orders POs.

This course will discuss how to handle invoices, process checks, prevent errors, conduct annual audits, and use technology in the department. You will also learn the best practices to adopt in your AP department and how to develop your department into an effective business partner.

Course Objectives of Accounts Payable: Accounting and Management Best Practices

- Identify the function of accounts payable and its role in organizations
- Use accounting principles related to accounts payable
- Describe how to take a successful lead in the management of accounts payable
- Assess AP operations and processes and recommend improvements using the latest best practices
- Evaluate main issues affecting AP staff in order to increase their efficiency and productivity
- Apply tools and techniques in Microsoft Excel to effectively manage and monitor AP performance
