## Result Based and Adaptive Management

Code: LM28 From: 27 - 31 October 2024 City: Tunis (Tunisia) Fees: 3700 Pound

### Introduction

Globalisation, transformed markets, intense competition and new technologies have converged to make organisational management focus more sharply on making certain that every internal programme and project achieves all intended results. Stakeholders are demanding that the internal and external forces of change are managed with the type of programmes that will enable the organisation to thrive in the face of change. Holding departments accountable for results is the essence of this unique seminar that presents the principles and practices on which Results-Based Management RBM is founded.

### Course objectives of Result Based and Adaptive Management

- Apply current best practices in Results-Based Management RBM
- Demonstrate how to realise the potential for Results-Based Management RBM
- Design a RBM approach for involving all stakeholders
- Control RBM projects and measure outcomes
- Enable your teams to apply Results-Based Management RBM in their own activities
