Code: LD28 From: 18 - 29 August 2025 City: London (UK) Fees: 8600 Pound

Introduction:

Every day significant monies are made and lost by organizations as a result of the contractual terms and conditions governing contracts for the purchase of goods, equipment, and services. Since all business activities are governed by contractual relationships, it is increasingly important for all those dealing with outside organizations to have an understanding of how to obtain the best possible agreement for their organization. The module will look at how contracts are created, and some of the main clauses that appear in contracts, together with many alternative contracting strategies and structures.
