Advanced Certificate Governance, Risk and Compliance (GRC) in Oil and Gas

Code: CT28 From: 5 - 9 January 2025 City: Sharm El-Sheikh (Egypt) Fees: 4400 Pound

Introduction

The Advanced Certificate in Governance, Risk, and Compliance GRC in Oil and Gas is a professional certification program designed for individuals who are involved in managing and mitigating risks in the oil and gas industry. This program is intended to provide participants with the knowledge and skills needed to effectively manage governance, risk, and compliance in the oil and gas industry.

Course Objective

- To provide participants with a comprehensive understanding of the oil and gas industry, its operations, and the unique risks and challenges associated with it.
- To equip participants with the knowledge and skills needed to identify, assess, and manage risks in the oil and gas industry.
- To enable participants to develop and implement effective governance, risk management, and compliance strategies in the oil and gas industry.
- To provide participants with an understanding of the regulatory and legal frameworks that govern the oil and gas industry, and how to ensure compliance with these frameworks.
- To enhance the professional development of individuals working in the oil and gas industry by providing them with a recognized certification in GRC.
