Agility in human resource management

Code: AG28 From: 14 - 18 October 2024 City: Malaga (Spain) Fees: 4700 Pound

Introduction

The world changes at an unprecedented pace, organisations must navigate through change and use it as an opportunity to get better, rather than simply getting through. Running projects and business operations in an agile way is a key part of business agility, but organization agility will not be automatic. Agile businesses also need an agile strategy including an agile approach to their market.

This Organizational Agility Masterclass training course is designed to help organizations become more adaptive, creative, and resilient. Delegates will explore and master the elements required to make any organization truly agile.

Why businesses need to be agile
Lean and agile principles
Vision for agility and leadership
Skills and tools needed to support business agility
Strategies to put the fundamentals of agile and lean into action

Course Objectives

- Understand the Agile mindset and its underlying principles, such as pragmatism, the power of choice, and adapting to context.
- Apply multiple leading agile and lean approaches value stream maps, Kanban values, principles and practices, A3s, and lean thinking
- Implement a model for change that is based on current management thinking and human dynamics
- Execute techniques to help examine and improve your work practices
- Effectively put these strategies into action on your agile team and ensure effective implementation.
