Bonus Case Study: Revitalizing State Bank of India

State Bank of India is India's oldest and largest bank with the government of India as its majority shareholder. Arundhati Bhattacharya, a 35-year old veteran of the bank, is appointed as its chairman in October 2013. Her appointment coincides with Moody's downgrading the bank's debt due to rising non-performing assets. She embarks on a mission to improve the bank's risk taking and management abilities, ensure uniform customer experience, and encourage greater collaboration among various verticals.
