Workshop in The Art of Stakeholders Management Effectively

Code: OC28 From: 31 March - 11 April 2025 City: London (UK) Fees: 8600 Pound

Introduction

Stakeholder management is a fundamental element in any project or change initiative. Stakeholders are individuals or groups who have an interest in what you provide or do, and it is essential to influence and build support from them to foster strong relationships. Without the backing of these individuals, achieving success becomes a daunting task. Research shows that project and program management specialists spend significantly more time dealing with people and their issues than average respondents.

This exciting and innovative stakeholder management training course focuses on both practical and theoretical aspects of influencing, negotiating, and communicating. You will learn how to build an ongoing relationship with stakeholders to ensure success in all your endeavors. The primary course objectives include:

Course Objectives

- Understand stakeholder interests.
- Recognize the difference between influence, persuasion, and negotiation.
- Develop a management plan for stakeholder participation.
- Evaluate participation using an evaluation matrix.
- Implement your plan within the project charter.
- Leverage the change control plan.
- Build trust with stakeholders.
- Manage conflicts using negotiation and persuasion.

Course Outlines

Day 1: Foundations of Stakeholder Management and Effective Communication

- Introduction to stakeholder management.
- Understanding the psychology of communication.
- The seven largest barriers to effective communication and how to remove them.
- Why listening is more important than talking.

Day 2: Advanced Stakeholder Communication and Management Strategies

- Develop a communication plan.
- Emotional intelligence EI skills needed for management.
- Adjusting your contact method using a five-spoke model.
- Understanding the psychology of communication with stakeholders and how to use influence effectively.

Day 3: Key Concepts in Stakeholder Management

- Key stakeholder management definitions.
- Identifying your stakeholders.
- Stakeholder analysis.
- The three-step approach to effective stakeholder management.
- Anticipating your stakeholders' likely needs.

Day 4: Building and Sustaining Stakeholder Relationships

- Developing ongoing business relationships.
- Identifying your stakeholders using powerful stakeholder analysis tools.
- Anticipating your stakeholders' needs, managing expectations, and developing ongoing business relationships.
- Influencing and persuasion skills - what they are and how to use them.

Day 5: Advanced Influencing Techniques and Communication Strategies

- The tools of influence.
- Neuroscientific communication.
- Reciprocity: give and take.

Day 6: The Psychology of Influence in Stakeholder Engagement

- The importance of commitment and consistency.
- How social proof influences behavior.
- Liking, authority, and scarcity.

Day 7: Negotiation Skills and Strategies
