Advanced Supply Chain Management

Code: SC28 From: 10 - 14 March 2025 City: Kuala Lumpur (Malaysia) Fees: 3900 Pound

Introduction

Building on your existing certifications in Certified International Supply Chain Manager CISCN and Certified International Supply Chain Professional CISCN, the "Advanced Supply Chain Management" course is designed to take your expertise to the next level. This 5-day course provides an in-depth exploration of advanced supply chain concepts, strategies, and technologies. It is tailored for professionals like you who are seeking to further enhance their knowledge and skills in supply chain management to excel in leadership roles.

Course Objectives

- Expand your understanding of advanced supply chain management concepts.
- Develop the skills required for strategic supply chain decision-making.
- Explore the latest technologies and trends reshaping the supply chain landscape.
- Learn how to optimize supply chain processes for efficiency and sustainability.
- Prepare for advanced leadership roles in supply chain management.
- Network with peers and industry experts to exchange insights and experiences.

Course Outlines

Day 1

Advanced Supply Chain Strategy

- explore advanced strategies for designing and implementing supply chain systems.
