Governmental Transportation Management: A Course by the Ministry of Transportation

code: NC28 From: 23 - 27 February 2025 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel Fees: 4400 Pound

Introduction

This course has been designed to provide you with a comprehensive understanding of transportation management within the context of a governmental organization. Transportation is a critical component of modern society, and its efficient management is essential for ensuring the smooth movement of people and goods.

In this course, you will delve into the intricacies of transportation systems, policies, and regulations. You will gain insights into the role of the Ministry of Transportation in overseeing and optimizing transportation networks, infrastructure, and safety measures. Through a combination of lectures, case studies, and practical exercises, you will develop the knowledge and skills necessary to excel in the field of governmental transportation management.

Objectives

- Understand the key principles and challenges of transportation management within a governmental context.
- Gain insights into the role and responsibilities of the Ministry of Transportation in regulating and overseeing transportation systems.
- Explore strategies for optimizing transportation infrastructure, including roads, railways, and public transit.
- Familiarize themselves with transportation safety measures, policies, and regulations.
- Develop the ability to analyze and address transportation-related issues and make informed decisions.

Day 1

Transportation Fundamentals

- Introduction to Transportation Management
- Transportation Modes and Infrastructure

Day 2

Role of the Ministry of Transportation

- The Ministry's Responsibilities and Objectives
- Regulatory Framework and Policies

Day 3
