Advanced Valuation Strategies - Customs Valuation

Code: CS28 From: 11 - 15 August 2024 City: Amman (Jordan) Fees: 3900 Pound

Introduction

Customs value constitutes the basis for the assessment of Customs duties and taxes. A lack of knowledge often results in the submission of declarations with incorrect Customs values because all the elements necessary for their determination were not taken into consideration.

When such incorrect declarations are identified during the Customs valuation control process, adjustments are made to the declared value with an additional assessment of duties and taxes and sometimes penalties.

Course Objectives of Advanced valuation methods

- Be familiar with the principles for applying the second and third valuation methods.
- Understand the principles set out in Article 4.
- Know how to apply the valuation method described in Article 5 of the Agreement.
- Know how to apply the method described in Article 6 of the Agreement.
- Know how to apply the fallback method of valuation.
- Understand the general rules relating to the application of Articles 9 to 17 of the Agreement.
- Be familiar with the role of the WTO Valuation Committee and the WCO Technical Committee on Customs Valuation.
- Understand the decisions of the WTO Committee on Customs Valuation and the instruments of the Technical Committee on Customs Valuation relating to the Agreement.
