# Strategic Maintenance Planning

Code: OG28 From: 30 December 2024 - 3 January 2025 City: Kuala Lumpur (Malaysia) Fees: 4900 Pound

## Introduction

Maintenance planning is a cornerstone of operational success and is vital for achieving a world-class enterprise. In this course, you will explore how an effective maintenance organization and strategy are integral to the overall mission of high-performance operations. Rooted in business goals, maintenance strategy must not be viewed in isolation but as a crucial component of a comprehensive approach to organizational excellence. Through this course, you will gain insights into aligning maintenance practices with business objectives, ensuring seamless integration with other functions, and driving operational efficiency and effectiveness.

## Course Objectives

- Gain an understanding of the critical contribution to be made by maintenance to the achievement of business objectives.
- Learn how to establish a strategic framework effective maintenance management.
- Understand the roles, processes, and procedures to ensure organizational effectiveness.
- Learn to establish parameters for the measurement of management and technical performance on all organizational levels.
- Improve overall equipment performance, while ensuring long term asset health.
