Workshop Finance & Accounting for the Oil & Gas Industry

Code: OG28 From: 16 - 20 November 2025 City: Amman (Jordan) Fees: 4000 Pound

Introduction

This workshop builds up a fundamental comprehension of Oil & Gas Exploration & Production E&P accounting, reporting, and performance measurement issues and practices. It enhances your ability to prepare, utilise, and critically evaluate information on E&P activities, applying specialist industry knowledge and relevant analytical skills. The workshop is designed specifically for those who have a basic comprehending of accounting but who need to understand more about accounting and financial reporting policies and practices in the upstream oil and gas industry.

Learning throughout the workshop is achieved through illustrated presentations, group discussions, worked examples, exercises, and solutions, and extracts from published financial statements of international companies.

Workshop Objectives

- Develop comprehension of the accounting standards, policies, and practices used by companies in the Oil & Gas Exploration & Production industry.
- Identify and know how to apply international and national accounting standards most relevant to the E&P industry.
- Recognise the nature and financial implications of Production Sharing Contracts and other agreements between host governments and international companies.
- Improve the relevance and reliability of financial reports to better meet the needs of users
- Review and use publicly available information for benchmarking the business performance of companies in the E&P industry.
- Examine issues and guidelines in accounting for Joint Ventures.
