Professional Horticulture Training

Code: OC28 From: 9 - 13 March 2025 City: Amman (Jordan) Fees: 4000 Pound

Introduction

Welcome to our Horticulture Course! Horticulture is a diverse and rewarding field that encompasses the science and art of growing and cultivating fruits, vegetables, ornamental plants, and more. Whether you're a gardening enthusiast or an aspiring horticulturist, the course is designed to provide you with a solid foundation in horticultural practices and principles.

Course Objectives

- Understand the fundamental principles of horticulture and plant biology.
- Develop skills in plant propagation techniques and cultivation practices.
- Learn about soil management and its impact on plant health.
- Master pest and disease identification and control methods.
- Explore sustainable practices in horticulture to promote environmental health.
- Gain knowledge in landscape design and maintenance.
- Familiarize with greenhouse management and technology applications.
- Enhance skills in crop planning and management for optimal yields.
- Understand the economic aspects of horticulture businesses.
- Foster creativity in designing and implementing horticultural projects.

Course Outlines

Day 1: Introduction to Horticulture

- Understand the scope and importance of horticulture.
- Learn the basics of plant biology and growth.
- Gain familiarity with common horticultural practices and safety measures.

Day 2: Crop Selection and Planning

- Learn how to choose suitable horticultural crops.
- Understand the essentials of site selection and garden planning.

Day 3: Plant Propagation Techniques

- Explore various methods of plant propagation, including seeds and vegetative techniques.
- Gain hands-on experience in propagating plants.

Day 4: Horticultural Management and Care

- Learn about soil and nutrient management for healthy plants.
- Discover effective pest and disease management strategies.

Day 5: Harvesting and Post-Harvest Handling

- Understand the importance of proper harvesting and post-harvest handling.
- Learn how to store, preserve, and market horticultural products effectively.
