Strategic Procurement Planning

Code: SC28 From: 19 May 2025 - 2025 May 23 City: Boston (USA) Fees: 5700 Pound

Introduction

This course will provide those involved in procurement planning with a clear understanding of the processes, structures and mechanisms for sustainable procurement and efficient project management.

Interactive learning will support participants' understanding of key issues in strategic procurement planning, such as ethical factors, harmonising international standards, and monitoring and evaluation. By applying strategic planning tools throughout the training, participants will leave equipped to design and implement plans to streamline procurement processes whilst considering international standards, cultural and legal contexts.

Course Objectives of Strategic Procurement Planning

- Write strategic procurement objectives and initiatives to support long term directions
- Arrange 'spend items' into categories that support planning of go-to-market strategies
- Apply demand forecasting techniques to improve planning of procurement activities
- Generate vendor integration strategies to ensure supply security
- Evaluate vendor bids in a scientific manner to support selection decision making
