Developing & Audit Plan

Code: QM28 From: 9 - 13 December 2024 City: Boston, Massachusetts (USA) Fees: 5700 Pound

Introduction

Today's chief audit executives, their deputies and internal audit managers need to work closely with business leaders, boards, audit committees, peers and their own audit teams. Now more than ever, leadership, stakeholder relations and influencing skills are becoming as important as managing a team, planning and delivering insightful internal audit assurance and consulting engagements.

This course focuses on the various challenges and opportunities internal audit leaders face and shows how audit leaders can make a contribution at a strategic level, clearly adding value and also enhancing productivity in the audit process.

This clear, practical and interactive course will help participants improve their awareness and skills and help them become a better internal audit leader who delivers impactful and insightful internal audit work that can make a strategic difference to their organization.

Course Objectives

- Demonstrate greater confidence in dealing with senior leaders
- Appraise what it really takes to be an effective internal audit leader
- Explain how to make effective and valuable contributions at a strategic level and towards overall business success
- Apply practical methods to manage key relationships with the audit committee, senior management and peers
- Add value through efficient and effective internal audit good practices
- Explain key priorities for them and their departments to help maximize their contribution to their organization
