Advanced Methods in Managing Salaries and Compensation

Code: HR28 From: 27 - 31 October 2025 City: Boston, Massachusetts (USA) Fees: 5700 Pound

Introduction

In today's dynamic business environment, managing salaries and compensation is no longer just an operational function; it is a strategic necessity. Welcome to the "Advanced Methods in Managing Salaries and Compensation" training course, a comprehensive 5-day program tailored to help HR professionals and payroll specialists master the art of compensation management strategy.

This course explores advanced techniques for designing employee compensation plans that align with organizational goals, leverage advanced analytics for data-driven decisions, and incorporate emerging compensation trends to stay competitive in a rapidly evolving market. Whether you are a payroll and benefits administrator or a compensation analyst, this program will provide you with actionable insights to manage employee compensation benefits and enhance organizational performance.

Course Objectives

- Master Compensation Management: Understand the fundamentals of salary management and how to implement effective compensation methods.
- Design Competitive Packages: Develop employee compensation plans that integrate payroll and benefits administration while aligning with organizational objectives.
- Enhance Transparency: Build trust and employee satisfaction through clear communication of what is salary and compensation and total rewards.
- Leverage Technology: Utilize compensation management software and data analytics to make informed decisions and predict salary trends.
- Stay Ahead: Explore compensation trends and strategies for managing international compensation, executive pay, and fostering diversity and inclusion in compensation practices.

Course Outlines

Day 1: Foundations of Compensation Management

- Overview of what is employee compensation and its strategic role.
- Historical perspectives on salary management.
- Legal frameworks and compensation methods compliance.
- Linking compensation management strategy to business goals.

Day 2: Designing Competitive Compensation Packages

- Conducting job analysis and applying job evaluation methods.
- Using market salary surveys to benchmark salaries such as facilities manager salary and practice manager salary.
